

**C381 . Special Non 14 CFR Part 97 Instrument Approach or  
Departure Procedures**

**HQ Control: 09/07/2010**

**HQ Revision: 000**

- a. The foreign air carrier is authorized to conduct operations using the Special Terminal Instrument Procedures listed, provided the operation is conducted in accordance with the limitations and provisions in the Special Terminal Instrument Procedures described in this operations specification.
- b. The foreign air carrier is authorized to conduct special non-14 CFR Part 97 instrument approach or departure operations specified for the following airports, provided the operation is conducted in accordance with the limitations and provisions listed below.

**Table 1 - Authorized Airports and Special Instrument Procedures**

Airport Ident.	Special Terminal Instrument Procedures	Limitations and Provisions

c. Special Limitations or Provisions.

(1) The foreign air carrier shall not conduct any operation authorized by this operations specification paragraph, unless the foreign air carrier's training program provides training in the equipment and special procedures to be used, and the civil aviation authority responsible for oversight of the carrier has approved or accepted the special procedures.

1. Issued by the Federal Aviation Administration.
2. These Foreign Operations Specifications are approved by direction of the Administrator.

3. I hereby accept and receive the Foreign Operations Specifications in this paragraph.
