

PART A -- AIR COMMERCE AND SAFETY

SUBPART I -- GENERAL

CHAPTER 401 -- GENERAL PROVISIONS

Sec.

- 40101. Policy.
- 40102. Definitions.
- 40103. Sovereignty and use of airspace.
- 40104. Promotion of civil aeronautics and air commerce.
- 40105. International negotiations, agreements, and obligations.
- 40106. Emergency powers.
- 40107. Presidential transfers.
- 40108. Training schools.
- 40109. Authority to exempt.
- 40110. General procurement authority.
- 40111. Multiyear procurement contracts for services and related items.
- 40112. Multiyear procurement contracts for property.
- 40113. Administrative.
- 40114. Reports and records.
- 40115. Withholding information.
- 40116. State taxation.
- 40117. Passenger facility fees.
- 40118. Government-financed air transportation.
- 40119. Security and research and development activities.
- 40120. Relationship to other laws.

Sec. 40101. Policy

(a) Economic Regulation. -- In carrying out subpart II of this part and those provisions of subpart IV applicable in carrying out subpart II, the Secretary of Transportation shall consider the following matters, among others, as being in the public interest and consistent with public convenience and necessity:

- (1) assigning and maintaining safety as the highest priority in air commerce.
- (2) before authorizing new air transportation services, evaluating the safety implications of those services.
- (3) preventing deterioration in established safety procedures, recognizing the clear intent, encouragement, and dedication of Congress to further the highest degree of safety in air transportation and air commerce, and to maintain the safety vigilance that has evolved in air transportation and air commerce and has come to be expected by the traveling and shipping public.
- (4) the availability of a variety of adequate, economic, efficient, and low-priced services without unreasonable discrimination or unfair or deceptive practices.
- (5) coordinating transportation by, and improving relations among, air carriers, and encouraging fair wages and working conditions.
- (6) placing maximum reliance on competitive market

forces and on actual and potential competition --

(A) to provide the needed air transportation system; and

(B) to encourage efficient and well-managed air carriers to earn adequate profits and attract capital, considering any material differences between interstate air transportation and foreign air transportation.

(7) developing and maintaining a sound regulatory system that is responsive to the needs of the public and in which decisions are reached promptly to make it easier to adapt the air transportation system to the present and future needs of --

(A) the commerce of the United States;

(B) the United States Postal Service; and

(C) the national defense.

(8) encouraging air transportation at major urban areas through secondary or satellite airports if consistent with regional airport plans of regional and local authorities, and if endorsed by appropriate State authorities --

(A) encouraging the transportation by air carriers that provide, in a specific market, transportation exclusively at those airports; and

(B) fostering an environment that allows those carriers to establish themselves and develop secondary or satellite airport services.

(9) preventing unfair, deceptive, predatory, or anticompetitive practices in air transportation.

(10) avoiding unreasonable industry concentration, excessive market domination, monopoly powers, and other conditions that would tend to allow at least one air carrier or foreign air carrier unreasonably to increase prices, reduce services, or exclude competition in air transportation.

(11) maintaining a complete and convenient system of continuous scheduled interstate air transportation for small communities and isolated areas with direct financial assistance from the United States Government when appropriate.

(12) encouraging, developing, and maintaining an air transportation system relying on actual and potential competition --

(A) to provide efficiency, innovation, and low prices; and

(B) to decide on the variety and quality of, and determine prices for, air transportation services.

(13) encouraging entry into air transportation markets by new and existing air carriers and the continued strengthening of small air carriers to ensure a more effective and competitive airline industry.

(14) promoting, encouraging, and developing civil aeronautics and a viable, privately-owned United States air transport industry.

(15) strengthening the competitive position of air carriers to at least ensure equality with foreign air carriers, including the attainment of the opportunity for air carriers to maintain and increase their profitability in foreign air transportation.

(b) All-Cargo Air Transportation Considerations. -- In carrying out subpart II of this part and those provisions of subpart IV applicable in carrying out subpart II, the Secretary of Transportation shall consider the following matters, among others and in addition to the matters referred to in subsection (a) of this section, as being in the public interest for all-cargo air transportation:

(1) encouraging and developing an expedited all-cargo air transportation system provided by private enterprise and responsive to --

- (A) the present and future needs of shippers;
- (B) the commerce of the United States; and
- (C) the national defense.

(2) encouraging and developing an integrated transportation system relying on competitive market forces to decide the extent, variety, quality, and price of services provided.

(3) providing services without unreasonable discrimination, unfair or deceptive practices, or predatory pricing.

(c) General Safety Considerations. -- In carrying out subpart III of this part and those provisions of subpart IV applicable in carrying out subpart III, the Administrator of the Federal Aviation Administration shall consider the following matters:

(1) the requirements of national defense and commercial and general aviation.

(2) the public right of freedom of transit through the navigable airspace.

(d) Safety Considerations in Public Interest. -- In carrying out subpart III of this part and those provisions of subpart IV applicable in carrying out subpart III, the Administrator shall consider the following matters, among others, as being in the public interest:

(1) regulating air commerce in a way that best promotes its development and safety and fulfills national defense requirements.

(2) promoting, encouraging, and developing civil aeronautics.

(3) controlling the use of the navigable airspace and regulating civil and military operations in that airspace in the interest of the safety and efficiency of both of those operations.

(4) consolidating research and development for air navigation facilities and the installation and operation of those facilities.

(5) developing and operating a common system of air traffic control and navigation for military and civil aircraft.

(6) providing assistance to law enforcement agencies in the enforcement of laws related to regulation of controlled substances, to the extent consistent with aviation safety.

(e) International Air Transportation.--In formulating United States international air transportation policy, the Secretaries of State and Transportation shall develop a negotiating policy emphasizing the greatest degree of competition compatible with a well-functioning international air

transportation system, including the following:

- (1) strengthening the competitive position of air carriers to ensure at least equality with foreign air carriers, including the attainment of the opportunity for air carriers to maintain and increase their profitability in foreign air transportation.
 - (2) freedom of air carriers and foreign air carriers to offer prices that correspond to consumer demand.
 - (3) the fewest possible restrictions on charter air transportation.
 - (4) the maximum degree of multiple and permissive international authority for air carriers so that they will be able to respond quickly to a shift in market demand.
 - (5) eliminating operational and marketing restrictions to the greatest extent possible.
 - (6) integrating domestic and international air transportation.
 - (7) increasing the number of nonstop United States gateway cities.
 - (8) opportunities for carriers of foreign countries to increase their access to places in the United States if exchanged for benefits of similar magnitude for air carriers or the traveling public with permanent linkage between rights granted and rights given away.
 - (9) eliminating discrimination and unfair competitive practices faced by United States airlines in foreign air transportation, including --
 - (A) excessive landing and user fees;
 - (B) unreasonable ground handling requirements;
 - (C) unreasonable restrictions on operations;
 - (D) prohibitions against change of gauge; and
 - (E) similar restrictive practices.
 - (10) promoting, encouraging, and developing civil aeronautics and a viable, privately-owned United States air transport industry.
- (f) Strengthening Competition. -- In selecting an air carrier to provide foreign air transportation from among competing applicants, the Secretary of Transportation shall consider, in addition to the matters specified in subsections (a) and (b) of this section, the strengthening of competition among air carriers operating in the United States to prevent unreasonable concentration in the air carrier industry.

Sec. 40102. Definitions

- (a) General Definitions. -- In this part --
- (1) "aeronautics" means the science and art of flight.
 - (2) "air carrier" means a citizen of the United States undertaking by any means, directly or indirectly, to provide air transportation.
 - (3) "air commerce" means foreign air commerce, interstate air commerce, the transportation of mail by aircraft, the operation of aircraft within the limits of a Federal airway, or the operation of aircraft that directly affects, or may endanger safety in, foreign or interstate air commerce.
 - (4) "air navigation facility" means a facility used, available for use, or designed for use, in aid of air

navigation, including --

(A) a landing area;

(B) a light;

(C) apparatus or equipment for distributing weather information, signaling, radio-directional finding, or radio or other electromagnetic communication; and

(D) another structure or mechanism for guiding or controlling flight in the air or the landing and takeoff of aircraft.

(5) "air transportation" means foreign air transportation, interstate air transportation, or the transportation of mail by aircraft.

(6) "aircraft" means any contrivance invented, used, or designed to navigate, or fly in, the air.

(7) "aircraft engine" means an engine used, or intended to be used, to propel an aircraft, including a part, appurtenance, and accessory of the engine, except a propeller.

(8) "airman" means an individual --

(A) in command, or as pilot, mechanic, or member of the crew, who navigates aircraft when under way;

(B) except to the extent the Administrator of the Federal Aviation Administration may provide otherwise for individuals employed outside the United States, who is directly in charge of inspecting, maintaining, overhauling, or repairing aircraft, aircraft engines, propellers, or appliances; or

(C) who serves as an aircraft dispatcher or air traffic control-tower operator.

(9) "airport" means a landing area used regularly by aircraft for receiving or discharging passengers or cargo.

(10) "all-cargo air transportation" means the transportation by aircraft in interstate air transportation of only property or only mail, or both.

(11) "appliance" means an instrument, equipment, apparatus, a part, an appurtenance, or an accessory used, capable of being used, or intended to be used, in operating or controlling aircraft in flight, including a parachute, communication equipment, and another mechanism installed in or attached to aircraft during flight, and not a part of an aircraft, aircraft engine, or propeller.

(12) "cargo" means property, mail, or both.

(13) "charter air carrier" means an air carrier holding a certificate of public convenience and necessity that authorizes it to provide charter air transportation.

(14) "charter air transportation" means charter trips in air transportation authorized under this part.

(15) "citizen of the United States" means --

(A) an individual who is a citizen of the United States;

(B) a partnership each of whose partners is an individual who is a citizen of the United States; or

(C) a corporation or association organized under the laws of the United States or a State, the District of Columbia, or a territory or possession of the United States, of which the president and at least two-thirds of the board of directors and other managing officers

are citizens of the United States, and in which at least 75 percent of the voting interest is owned or controlled by persons that are citizens of the United States.

(16) "civil aircraft" means an aircraft except a public aircraft.

(17) "civil aircraft of the United States" means an aircraft registered under chapter 441 of this title.

(18) "conditional sales contract" means a contract --

(A) for the sale of an aircraft, aircraft engine, propeller, appliance, or spare part, under which the buyer takes possession of the property but title to the property vests in the buyer at a later time on --

(i) paying any part of the purchase price;

(ii) performing another condition; or

(iii) the happening of a contingency; or

(B) to bail or lease an aircraft, aircraft engine, propeller, appliance, or spare part, under which the bailee or lessee --

(i) agrees to pay an amount substantially equal to the value of the property; and

(ii) is to become, or has the option of becoming, the owner of the property on complying with the contract.

(19) "conveyance" means an instrument, including a conditional sales contract, affecting title to, or an interest in, property.

(20) "Federal airway" means a part of the navigable airspace that the Administrator designates as a Federal airway.

(21) "foreign air carrier" means a person, not a citizen of the United States, undertaking by any means, directly or indirectly, to provide foreign air transportation.

(22) "foreign air commerce" means the transportation of passengers or property by aircraft for compensation, the transportation of mail by aircraft, or the operation of aircraft in furthering a business or vocation, between a place in the United States and a place outside the United States when any part of the transportation or operation is by aircraft.

(23) "foreign air transportation" means the transportation of passengers or property by aircraft as a common carrier for compensation, or the transportation of mail by aircraft, between a place in the United States and a place outside the United States when any part of the transportation is by aircraft.

(24) "interstate air commerce" means the transportation of passengers or property by aircraft for compensation, the transportation of mail by aircraft, or the operation of aircraft in furthering a business or vocation --

(A) between a place in --

(i) a State, territory, or possession of the United States and a place in the District of Columbia or another State, territory, or possession of the United States;

(ii) a State and another place in the same

State through the airspace over a place outside the State;

(iii) the District of Columbia and another place in the District of Columbia; or

(iv) a territory or possession of the United States and another place in the same territory or possession; and

(B) when any part of the transportation or operation is by aircraft.

(25) "interstate air transportation" means the transportation of passengers or property by aircraft as a common carrier for compensation, or the transportation of mail by aircraft --

(A) between a place in --

(i) a State, territory, or possession of the United States and a place in the District of Columbia or another State, territory, or possession of the United States;

(ii) Hawaii and another place in Hawaii through the airspace over a place outside Hawaii;

(iii) the District of Columbia and another place in the District of Columbia; or

(iv) a territory or possession of the United States and another place in the same territory or possession; and

(B) when any part of the transportation is by aircraft.

(26) "intrastate air carrier" means a citizen of the United States undertaking by any means to provide only intrastate air transportation.

(27) "intrastate air transportation" means the transportation by a common carrier of passengers or property for compensation, entirely in the same State, by turbojet-powered aircraft capable of carrying at least 30 passengers.

(28) "landing area" means a place on land or water, including an airport or intermediate landing field, used, or intended to be used, for the takeoff and landing of aircraft, even when facilities are not provided for sheltering, servicing, or repairing aircraft, or for receiving or discharging passengers or cargo.

(29) "mail" means United States mail and foreign transit mail.

(30) "navigable airspace" means airspace above the minimum altitudes of flight prescribed by regulations under subparts I and III of this part, including airspace needed to ensure safety in the takeoff and landing of aircraft.

(31) "navigate aircraft" and "navigation of aircraft" include piloting aircraft.

(32) "operate aircraft" and "operation of aircraft" mean using aircraft for the purposes of air navigation, including --

(A) the navigation of aircraft; and

(B) causing or authorizing the operation of aircraft with or without the right of legal control of

the aircraft.

(33) "person", in addition to its meaning under section 1 of title 1, includes a governmental authority and a trustee, receiver, assignee, and other similar representative.

(34) "predatory" means a practice that violates the antitrust laws as defined in the first section of the Clayton Act (15 U.S.C. 12).

(35) "price" means a rate, fare, or charge for air transportation.

(36) "propeller" includes a part, appurtenance, and accessory of a propeller.

(37) "public aircraft" --

(A) means an aircraft --

(i) used only for the United States Government; or

(ii) owned and operated (except for commercial purposes), or exclusively leased for at least 90 continuous days, by a government (except the United States Government), including a State, the District of Columbia, or a territory or possession of the United States, or political subdivision of that government; but

(B) does not include a government-owned aircraft transporting passengers or property for commercial purposes.

(38) "spare part" means an accessory, appurtenance, or part of an aircraft (except an aircraft engine or propeller), aircraft engine (except a propeller), propeller, or appliance, that is to be installed at a later time in an aircraft, aircraft engine, propeller, or appliance.

(39) "State authority" means an authority of a State designated under State law --

(A) to receive notice required to be given a State authority under subpart II of this part; or

(B) as the representative of the State before the Secretary of Transportation in any matter about which the Secretary is required to consult with or consider the views of a State authority under subpart II of this part.

(40) "ticket agent" means a person (except an air carrier, a foreign air carrier, or an employee of an air carrier or foreign air carrier) that as a principal or agent sells, offers for sale, negotiates for, or holds itself out as selling, providing, or arranging for, air transportation.

(41) "United States" means the States of the United States, the District of Columbia, and the territories and possessions of the United States, including the territorial sea and the overlying airspace.

(b) Limited Definition. -- In subpart II of this part, "control" means control by any means.

Sec. 40103. Sovereignty and use of airspace

(a) Sovereignty and Public Right of Transit. -- (1) The United States Government has exclusive sovereignty of airspace of

the United States.

(2) A citizen of the United States has a public right of transit through the navigable airspace. To further that right, the Secretary of Transportation shall consult with the Architectural and Transportation Barriers Compliance Board established under section 502 of the Rehabilitation Act of 1973 (29 U.S.C. 792) before prescribing a regulation or issuing an order or procedure that will have a significant impact on the accessibility of commercial airports or commercial air transportation for handicapped individuals.

(b) Use of Airspace. -- (1) The Administrator of the Federal Aviation Administration shall develop plans and policy for the use of the navigable airspace and assign by regulation or order the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. The Administrator may modify or revoke an assignment when required in the public interest.

(2) The Administrator shall prescribe air traffic regulations on the flight of aircraft (including regulations on safe altitudes) for --

- (A) navigating, protecting, and identifying aircraft;
- (B) protecting individuals and property on the ground;
- (C) using the navigable airspace efficiently; and
- (D) preventing collision between aircraft, between aircraft and land or water vehicles, and between aircraft and airborne objects.

(3) To establish security provisions that will encourage and allow maximum use of the navigable airspace by civil aircraft consistent with national security, the Administrator, in consultation with the Secretary of Defense, shall --

- (A) establish areas in the airspace the Administrator decides are necessary in the interest of national defense; and
- (B) by regulation or order, restrict or prohibit flight of civil aircraft that the Administrator cannot identify, locate, and control with available facilities in those areas.

(4) Notwithstanding the military exception in section 553(a)(1) of title 5, subchapter II of chapter 5 of title 5 applies to a regulation prescribed under this subsection.

(c) Foreign Aircraft. -- A foreign aircraft, not part of the armed forces of a foreign country, may be navigated in the United States as provided in section 41703 of this title.

(d) Aircraft of Armed Forces of Foreign Countries. -- Aircraft of the armed forces of a foreign country may be navigated in the United States only when authorized by the Secretary of State.

(e) No Exclusive Rights at Certain Facilities. -- A person does not have an exclusive right to use an air navigation facility on which Government money has been expended. However, providing services at an airport by only one fixed-based operator is not an exclusive right if --

- (1) it is unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide the services; and
- (2) allowing more than one fixed-based operator to provide the services requires a reduction in space leased

under an agreement existing on September 3, 1982, between the operator and the airport.

Sec. 40104. Promotion of civil aeronautics and air commerce

The Administrator of the Federal Aviation Administration shall encourage the development of civil aeronautics and air commerce in and outside the United States. In carrying out this section, the Administrator shall take action that the Administrator considers necessary to establish, within available resources, a program to distribute civil aviation information in each region served by the Administration. The program shall provide, on request, informational material and expertise on civil aviation to State and local school administrators, college and university officials, and officers of other interested organizations.

Sec. 40105. International negotiations, agreements, and obligations

(a) Advice and Consultation. -- The Secretary of State shall advise the Administrator of the Federal Aviation Administration and the Secretaries of Transportation and Commerce, and consult with them as appropriate, about negotiations for an agreement with a government of a foreign country to establish or develop air navigation, including air routes and services. The Secretary of Transportation shall consult with the Secretary of State in carrying out this part to the extent this part is related to foreign air transportation.

(b) Actions of Secretary and Administrator. -- (1) In carrying out this part, the Secretary of Transportation and the Administrator --

(A) shall act consistently with obligations of the United States Government under an international agreement;

(B) shall consider applicable laws and requirements of a foreign country; and

(C) may not limit compliance by an air carrier with obligations or liabilities imposed by the government of a foreign country when the Secretary takes any action related to a certificate of public convenience and necessity issued under chapter 411.

(2) This subsection does not apply to an agreement between an air carrier or an officer or representative of an air carrier and the government of a foreign country, if the Secretary of Transportation disapproves the agreement because it is not in the public interest. Section 40106(b)(2) of this title applies to this subsection.

(c) Consultation on International Air Transportation Policy. -- In carrying out section 40101(e) of this title, the Secretaries of State and Transportation, to the maximum extent practicable, shall consult on broad policy goals and individual negotiations with --

- (1) the Secretaries of Commerce and Defense;
- (2) airport operators;
- (3) scheduled air carriers;
- (4) charter air carriers;
- (5) airline labor;
- (6) consumer interest groups;
- (7) travel agents and tour organizers; and

(8) other groups, institutions, and governmental authorities affected by international aviation policy.

(d) Congressional Observers at International Aviation Negotiations. -- The President shall grant to at least one representative of each House of Congress the privilege of attending international aviation negotiations as an observer if the privilege is requested in advance in writing.

Sec. 40106. Emergency powers

(a) Deviations From Regulations. -- Appropriate military authority may authorize aircraft of the armed forces of the United States to deviate from air traffic regulations prescribed under section 40103(b)(1) and (2) of this title when the authority decides the deviation is essential to the national defense because of a military emergency or urgent military necessity. The authority shall --

(1) give the Administrator of the Federal Aviation Administration prior notice of the deviation at the earliest practicable time; and

(2) to the extent time and circumstances allow, make every reasonable effort to consult with the Administrator and arrange for the deviation in advance on a mutually agreeable basis.

(b) Suspension of Authority. -- (1) When the President decides that the government of a foreign country is acting inconsistently with the Convention for the Suppression of Unlawful Seizure of Aircraft or that the government of a foreign country allows territory under its jurisdiction to be used as a base of operations or training of, or as a sanctuary for, or arms, aids, or abets, a terrorist organization that knowingly uses the unlawful seizure, or the threat of an unlawful seizure, of an aircraft as an instrument of policy, the President may suspend the authority of --

(A) an air carrier or foreign air carrier to provide foreign air transportation to and from that foreign country;

(B) a person to operate aircraft in foreign air commerce to and from that foreign country;

(C) a foreign air carrier to provide foreign air transportation between the United States and another country that maintains air service with the foreign country; and

(D) a foreign person to operate aircraft in foreign air commerce between the United States and another country that maintains air service with the foreign country.

(2) The President may act under this subsection without notice or a hearing. The suspension remains in effect for as long as the President decides is necessary to ensure the security of aircraft against unlawful seizure. Notwithstanding section 40105(b) of this title, the authority of the President to suspend rights under this subsection is a condition to a certificate of public convenience and necessity, air carrier operating certificate, foreign air carrier or foreign aircraft permit, or foreign air carrier operating specification issued by the Secretary of Transportation under this part.

(3) An air carrier or foreign air carrier may not provide foreign air transportation, and a person may not operate aircraft

in foreign air commerce, in violation of a suspension of authority under this subsection.

Sec. 40107. Presidential transfers

(a) General Authority. -- The President may transfer to the Administrator of the Federal Aviation Administration a duty, power, activity, or facility of a department, agency, or instrumentality of the executive branch of the United States Government, or an officer or unit of a department, agency, or instrumentality of the executive branch, related primarily to selecting, developing, testing, evaluating, establishing, operating, or maintaining a system, procedure, facility, or device for safe and efficient air navigation and air traffic control. In making a transfer, the President may transfer records and property and make officers and employees from the department, agency, instrumentality, or unit available to the Administrator.

(b) During War. -- If war occurs, the President by executive order may transfer to the Secretary of Defense a duty, power, activity, or facility of the Administrator. In making the transfer, the President may transfer records, property, officers, and employees of the Administration to the Department of Defense.

Sec. 40108. Training schools

(a) Authority To Operate. -- The Administrator of the Federal Aviation Administration may operate schools to train officers and employees of the Administration to carry out duties, powers, and activities of the Administrator.

(b) Attendance. -- The Administrator may authorize officers and employees of other departments, agencies, or instrumentalities of the United States Government, officers and employees of governments of foreign countries, and individuals from the aeronautics industry to attend those schools. However, if the attendance of any of those officers, employees, or individuals increases the cost of operating the schools, the Administrator may require the payment or transfer of amounts or other consideration to offset the additional cost. The amount received may be credited to the appropriation current when the expenditures are or were paid, the appropriation current when the amount is received, or both.

Sec. 40109. Authority to exempt

(a) Air Carriers and Foreign Air Carriers Not Engaged Directly in Operating Aircraft. -- (1) The Secretary of Transportation may exempt from subpart II of this part --

(A) an air carrier not engaged directly in operating aircraft in air transportation; or

(B) a foreign air carrier not engaged directly in operating aircraft in foreign air transportation.

(2) The exemption is effective to the extent and for periods that the Secretary decides are in the public interest.

(b) Safety Regulation. -- The Administrator of the Federal Aviation Administration may grant an exemption from a regulation prescribed in carrying out sections 40103(b)(1) and (2), 40119, 44901, 44903, 44906, and 44935-44937 of this title when the Administrator decides the exemption is in the public interest.

(c) Other Economic Regulation. -- Except as provided in

this section, the Secretary may exempt to the extent the Secretary considers necessary a person or class of persons from a provision of chapter 411, sections 41301-41306, 41308-41310(a), 41501, 41503, 41504, 41506, 41510, 41511, 41701, 41702, 41705-41709, 41711, 41712, and 41731-41742, chapter 419, subchapter II of chapter 421, and section 46301(b) of this title, or a regulation or term prescribed under any of those provisions, when the Secretary decides that the exemption is consistent with the public interest.

(d) Labor Requirements. -- The Secretary may not exempt an air carrier from section 42112 of this title. However, the Secretary may exempt from section 42112(b)(1) and (2) an air carrier not providing scheduled air transportation, and the operations conducted during daylight hours by an air carrier providing scheduled air transportation, when the Secretary decides that --

(1) because of the limited extent of, or unusual circumstances affecting, the operation of the air carrier, the enforcement of section 42112(b)(1) and (2) of this title is or would be an unreasonable burden on the air carrier that would obstruct its development and prevent it from beginning or continuing operations; and

(2) the exemption would not affect adversely the public interest.

(e) Maximum Flying Hours. -- The Secretary may not exempt an air carrier under this section from a provision referred to in subsection (c) of this section, or a regulation or term prescribed under any of those provisions, that sets maximum flying hours for pilots or copilots.

(f) Smaller Aircraft. -- (1) An air carrier is exempt from section 41101(a)(1) of this title, and the Secretary may exempt an air carrier from another provision of subpart II of this part, if the air carrier --

(A)(i) provides passenger transportation only with aircraft having a maximum capacity of 55 passengers; or

(ii) provides the transportation of cargo only with aircraft having a maximum payload of less than 18,000 pounds; and

(B) complies with liability insurance requirements and other regulations the Secretary prescribes.

(2) The Secretary may increase the passenger or payload capacities when the public interest requires.

(3)(A) An exemption under this subsection applies to an air carrier providing air transportation between 2 places in Alaska, or between Alaska and Canada, only if the carrier is authorized by Alaska to provide the transportation.

(B) The Secretary may limit the number or location of places that may be served by an air carrier providing transportation only in Alaska under an exemption from section 41101(a)(1) of this title, or the frequency with which the transportation may be provided, only when the Secretary decides that providing the transportation substantially impairs the ability of an air carrier holding a certificate issued by the Secretary to provide its authorized transportation, including the minimum transportation requirement for Alaska specified under section 41732(b)(1)(B) of this title.

(g) Emergency Air Transportation by Foreign Air Carriers.

-- (1) To the extent that the Secretary decides an exemption is in the public interest, the Secretary may exempt by order a foreign air carrier from the requirements and limitations of this part for not more than 30 days to allow the foreign air carrier to carry passengers or cargo in interstate air transportation in certain markets if the Secretary finds that --

(A) because of an emergency created by unusual circumstances not arising in the normal course of business, air carriers holding certificates under section 41102 of this title cannot accommodate traffic in those markets;

(B) all possible efforts have been made to accommodate the traffic by using the resources of the air carriers, including the use of --

(i) foreign aircraft, or sections of foreign aircraft, under lease or charter to the air carriers; and

(ii) the air carriers' reservations systems to the extent practicable;

(C) the exemption is necessary to avoid unreasonable hardship for the traffic in the markets that cannot be accommodated by the air carriers; and

(D) granting the exemption will not result in an unreasonable advantage to any party in a labor dispute where the inability to accommodate traffic in a market is a result of the dispute.

(2) When the Secretary grants an exemption to a foreign air carrier under this subsection, the Secretary shall --

(A) ensure that air transportation that the foreign air carrier provides under the exemption is made available on reasonable terms;

(B) monitor continuously the passenger load factor of air carriers in the market that hold certificates under section 41102 of this title; and

(C) review the exemption at least every 30 days to ensure that the unusual circumstances that established the need for the exemption still exist.

(3) The Secretary may renew an exemption (including renewals) under this subsection for not more than 30 days. An exemption may continue for not more than 5 days after the unusual circumstances that established the need for the exemption cease.

(h) Notice and Opportunity for Hearing. -- The Secretary may act under subsections (d) and (f)(3)(B) of this section only after giving the air carrier notice and an opportunity for a hearing.

Sec. 40110. General procurement authority

(a) General. -- In carrying out this part, the Administrator of the Federal Aviation Administration may --

(1) acquire, to the extent that amounts are available for obligation, services or an interest in property, including an interest in airspace immediately adjacent to and needed for airports and other air navigation facilities owned by the United States Government and operated by the Administrator;

(2) dispose of an interest in property for adequate compensation; and

(3) construct and improve laboratories and other test

facilities.

(b) Duties and Powers. -- When carrying out subsection (a) of this section, the Administrator of the Federal Aviation Administration --

(1) is the senior procurement executive referred to in section 16(3) of the Office of Federal Procurement Policy Act (41 U.S.C. 414(3)) for approving the justification for using procedures other than competitive procedures, as required under section 303(f)(1)(B)(iii) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(f)(1)(B)(iii)); and

(2) may --

(A) lease an interest in property for not more than 20 years;

(B) consider the reasonable probable future use of the underlying land in making an award for a condemnation of an interest in airspace;

(C) construct, or acquire an interest in, a public building (as defined in section 13 of the Public Buildings Act of 1959 (40 U.S.C. 612)) only under a delegation of authority from the Administrator of General Services;

(D) use procedures other than competitive procedures, as provided under section 303(c) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(c));

(E) use procedures other than competitive procedures only when the property or services needed by the Administrator of the Federal Aviation Administration are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the Administrator; and

(F) dispose of property under subsection (a)(2) of this section, except for airport and airway property and technical equipment used for the special purposes of the Administration, only under title II of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 481 et seq.).

Sec. 40111. Multiyear procurement contracts for services and related items

(a) General Authority. -- Notwithstanding section 1341(a)(1)(B) of title 31, the Administrator of the Federal Aviation Administration may make a contract of not more than 5 years for the following types of services and items of supply related to those services for which amounts otherwise would be available for obligation only in the fiscal year for which appropriated:

(1) operation, maintenance, and support of facilities and installations.

(2) operation, maintenance, and modification of aircraft, vehicles, and other highly complex equipment.

(3) specialized training requiring high quality instructor skills, including training of pilots and aircrew members and foreign language training.

(4) base services, including ground maintenance,

aircraft refueling, bus transportation, and refuse collection and disposal.

(b) Required Findings. -- The Administrator may make a contract under this section only if the Administrator finds that --

(1) there will be a continuing requirement for the service consistent with current plans for the proposed contract period;

(2) providing the service will require a substantial initial investment in plant or equipment, or will incur a substantial contingent liability for assembling, training, or transporting a specialized workforce; and

(3) the contract will promote the best interests of the United States by encouraging effective competition and promoting economies in operation.

(c) Considerations. -- When making a contract under this section, the Administrator shall be guided by the following:

(1) The part of the cost of a plant or equipment amortized as a cost of contract performance may not be more than the ratio between the period of contract performance and the anticipated useful commercial life (instead of physical life) of the plant or equipment, considering the location and specialized nature of the plant or equipment, obsolescence, and other similar factors.

(2) The Administrator shall consider the desirability of --

(A) obtaining an option to renew the contract for a reasonable period of not more than 3 years, at a price that does not include charges for nonrecurring costs already amortized; and

(B) reserving in the Administrator the right, on payment of the unamortized part of the cost of the plant or equipment, to take title to the plant or equipment under appropriate circumstances.

(d) Ending Contracts. -- A contract made under this section shall be ended if amounts are not made available to continue the contract into a subsequent fiscal year. The cost of ending the contract may be paid from --

(1) an appropriation originally available for carrying out the contract;

(2) an appropriation currently available for procuring the type of service concerned and not otherwise obligated; or

(3) amounts appropriated for payments to end the contract.

Sec. 40112. Multiyear procurement contracts for property

(a) General Authority. -- Notwithstanding section 1341(a)(1)(B) of title 31 and to the extent that amounts otherwise are available for obligation, the Administrator of the Federal Aviation Administration may make a contract of more than one but not more than 5 fiscal years to purchase property, except a contract to construct, alter, or make a major repair or improvement to real property or a contract to purchase property to which section 111 of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 759) applies.

(b) Required Findings. -- The Administrator may make a

contract under this section if the Administrator finds that --

(1) the contract will promote the safety or efficiency of the national airspace system and will result in reduced total contract costs;

(2) the minimum need for the property to be purchased is expected to remain substantially unchanged during the proposed contract period in terms of production rate, procurement rate, and total quantities;

(3) there is a reasonable expectation that throughout the proposed contract period the Administrator will request appropriations for the contract at the level required to avoid cancellation;

(4) there is a stable design for the property to be acquired and the technical risks associated with the property are not excessive; and

(5) the estimates of the contract costs and the anticipated savings from the contract are realistic.

(c) Regulations. -- The Administrator shall prescribe regulations for acquiring property under this section to promote the use of contracts under this section in a way that will allow the most efficient use of those contracts. The regulations may provide for a cancellation provision in the contract to the extent the provision is necessary and in the best interest of the United States. The provision may include consideration of recurring and nonrecurring costs of the contractor associated with producing the item to be delivered under the contract. The regulations shall provide that, to the extent practicable --

(1) to broaden the aviation industrial base --

(A) a contract under this section shall be used to seek, retain, and promote the use under that contract of subcontractors, vendors, or suppliers; and

(B) on accrual of a payment or other benefit accruing on a contract under this section to a subcontractor, vendor, or supplier participating in the contract, the payment or benefit shall be delivered in the most expeditious way practicable; and

(2) this section and regulations prescribed under this section may not be carried out in a way that precludes or curtails the existing ability of the Administrator to provide for --

(A) competition in producing items to be delivered under a contract under this section; or

(B) ending a prime contract when performance is deficient with respect to cost, quality, or schedule.

(d) Contract Provisions. -- (1) A contract under this section may --

(A) be used for the advance procurement of components, parts, and material necessary to manufacture equipment to be used in the national airspace system;

(B) provide that performance under the contract after the first year is subject to amounts being appropriated; and

(C) contain a negotiated priced option for varying the number of end items to be procured over the period of the contract.

(2) If feasible and practicable, an advance procurement contract may be made to achieve economic-lot purchases and more

efficient production rates.

(e) Cancellation Payment and Notice of Cancellation Ceiling. -- (1) If a contract under this section provides that performance is subject to an appropriation being made, it also may provide for a cancellation payment to be made to the contractor if the appropriation is not made.

(2) Before awarding a contract under this section containing a cancellation ceiling of more than \$100,000,000, the Administrator shall give written notice of the proposed contract and cancellation ceiling to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Public Works and Transportation of the House of Representatives. The contract may not be awarded until the end of the 30-day period beginning on the date of the notice.

(f) Ending Contracts. -- A contract made under this section shall be ended if amounts are not made available to continue the contract into a subsequent fiscal year. The cost of ending the contract may be paid from --

(1) an appropriation originally available for carrying out the contract;

(2) an appropriation currently available for procuring the type of property concerned and not otherwise obligated; or

(3) amounts appropriated for payments to end the contract.

Sec. 40113. Administrative

(a) General Authority. -- The Secretary of Transportation (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may take action the Secretary or Administrator, as appropriate, considers necessary to carry out this part, including conducting investigations, prescribing regulations, standards, and procedures, and issuing orders.

(b) Hazardous Material. -- In carrying out this part, the Secretary has the same authority to regulate the transportation of hazardous material by air that the Secretary has under section 5103 of this title. However, this subsection does not prohibit or regulate the transportation of a firearm (as defined in section 232 of title 18) or ammunition for a firearm, when transported by an individual for personal use.

(c) Governmental Assistance. -- The Secretary (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) may use the assistance of the Administrator of the National Aeronautics and Space Administration and any research or technical department, agency, or instrumentality of the United States Government on matters related to aircraft fuel and oil, and to the design, material, workmanship, construction, performance, maintenance, and operation of aircraft, aircraft engines, propellers, appliances, and air navigation facilities. Each department, agency, and instrumentality may conduct scientific and technical research, investigations, and tests necessary to assist the Secretary or Administrator of the Federal Aviation Administration in carrying out this part. This part does not authorize duplicating laboratory research activities of a department, agency, or instrumentality.

(d) Indemnification. -- The Administrator of the Federal Aviation Administration may indemnify an officer or employee of the Administration against a claim or judgment arising out of an act that the Administrator decides was committed within the scope of the official duties of the officer or employee.

Sec. 40114. Reports and records

(a) Written Reports. -- (1) Except as provided in this part, the Secretary of Transportation (or the Administrator of the Federal Aviation Administration with respect to aviation safety duties and powers designated to be carried out by the Administrator) shall make a written report of each proceeding and investigation under this part in which a formal hearing was held and shall provide a copy to each party to the proceeding or investigation. The report shall include the decision, conclusions, order, and requirements of the Secretary or Administrator as appropriate.

(2) The Secretary (or the Administrator with respect to aviation safety duties and powers designated to be carried out by the Administrator) shall have all reports, orders, decisions, and regulations the Secretary or Administrator, as appropriate, issues or prescribes published in the form and way best adapted for public use. A publication of the Secretary or Administrator is competent evidence of its contents.

(b) Public Records. -- Except as provided in subpart II of this part, copies of tariffs and arrangements filed with the Secretary under subpart II, and the statistics, tables, and figures contained in reports made to the Secretary under subpart II, are public records. The Secretary is the custodian of those records. A public record, or a copy or extract of it, certified by the Secretary under the seal of the Department of Transportation is competent evidence in an investigation by the Secretary and in a judicial proceeding.

Sec. 40115. Withholding information

(a) Objections to Disclosure. -- (1) A person may object to the public disclosure of information --

(A) in a record filed under this part; or

(B) obtained under this part by the Secretary of Transportation or State or the United States Postal Service.

(2) An objection must be in writing and must state the reasons for the objection. The Secretary of Transportation or State or the Postal Service shall order the information withheld from public disclosure when the appropriate Secretary or the Postal Service decides that disclosure of the information would --

(A) prejudice the United States Government in preparing and presenting its position in international negotiations; or

(B) have an adverse effect on the competitive position of an air carrier in foreign air transportation.

(b) Withholding Information From Congress. -- This section does not authorize information to be withheld from a committee of Congress authorized to have the information.

Sec. 40116. State taxation

(a) Definition. -- In this section, "State" includes the District of Columbia, a territory or possession of the United States, and a political authority of at least 2 States.

(b) Prohibitions. -- Except as provided in subsection (c) of this section and section 40117 of this title, a State or political subdivision of a State may not levy or collect a tax, fee, head charge, or other charge on --

- (1) an individual traveling in air commerce;
- (2) the transportation of an individual traveling in air commerce;
- (3) the sale of air transportation; or
- (4) the gross receipts from that air commerce or transportation.

(c) Aircraft Taking Off or Landing in State. -- A State or political subdivision of a State may levy or collect a tax on or related to a flight of a commercial aircraft or an activity or service on the aircraft only if the aircraft takes off or lands in the State or political subdivision as part of the flight.

(d) Unreasonable Burdens and Discrimination Against Interstate Commerce. -- (1) In this subsection --

(A) "air carrier transportation property" means property (as defined by the Secretary of Transportation) that an air carrier providing air transportation owns or uses.

(B) "assessment" means valuation for a property tax levied by a taxing district.

(C) "assessment jurisdiction" means a geographical area in a State used in determining the assessed value of property for ad valorem taxation.

(D) "commercial and industrial property" means property (except transportation property and land used primarily for agriculture or timber growing) devoted to a commercial or industrial use and subject to a property tax levy.

(2)(A) A State, political subdivision of a State, or authority acting for a State or political subdivision may not do any of the following acts because those acts unreasonably burden and discriminate against interstate commerce:

(i) assess air carrier transportation property at a value that has a higher ratio to the true market value of the property than the ratio that the assessed value of other commercial and industrial property of the same type in the same assessment jurisdiction has to the true market value of the other commercial and industrial property.

(ii) levy or collect a tax on an assessment that may not be made under clause (i) of this subparagraph.

(iii) levy or collect an ad valorem property tax on air carrier transportation property at a tax rate greater than the tax rate applicable to commercial and industrial property in the same assessment jurisdiction.

(B) Subparagraph (A) of this paragraph does not apply to an in lieu tax completely used for airport and aeronautical purposes.

(e) Other Allowable Taxes and Charges. -- Except as provided in subsection (d) of this section, a State or political subdivision of a State may levy or collect --

- (1) taxes (except those taxes enumerated in subsection

(b) of this section), including property taxes, net income taxes, franchise taxes, and sales or use taxes on the sale of goods or services; and

(2) reasonable rental charges, landing fees, and other service charges from aircraft operators for using airport facilities of an airport owned or operated by that State or subdivision.

(f) Pay of Air Carrier Employees. -- (1) In this subsection --

(A) "pay" means money received by an employee for services.

(B) "State" means a State of the United States, the District of Columbia, and a territory or possession of the United States.

(C) an employee is deemed to have earned 50 percent of the employee's pay in a State or political subdivision of a State in which the scheduled flight time of the employee in the State or subdivision is more than 50 percent of the total scheduled flight time of the employee when employed during the calendar year.

(2) The pay of an employee of an air carrier having regularly assigned duties on aircraft in at least 2 States is subject to the income tax laws of only the following:

(A) the State or political subdivision of the State that is the residence of the employee.

(B) the State or political subdivision of the State in which the employee earns more than 50 percent of the pay received by the employee from the carrier.

Sec. 40117. Passenger facility fees

(a) Definitions. -- In this section --

(1) "airport", "commercial service airport", and "public agency" have the same meanings given those terms in section 47102 of this title.

(2) "eligible agency" means a public agency that controls a commercial service airport.

(3) "eligible airport-related project" means a project --

(A) for airport development or airport planning under subchapter I of chapter 471 of this title;

(B) for terminal development described in section 47110(d) of this title;

(C) for airport noise capability planning under section 47505 of this title;

(D) to carry out noise compatibility measures eligible for assistance under section 47504 of this title, whether or not a program for those measures has been approved under section 47504; and

(E) for constructing gates and related areas at which passengers board or exit aircraft.

(4) "passenger facility fee" means a fee imposed under this section.

(5) "passenger facility revenue" means revenue derived from a passenger facility fee.

(b) General Authority. -- (1) The Secretary of Transportation may authorize under this section an eligible agency to impose a passenger facility fee of \$1, \$2, or \$3 on

each paying passenger of an air carrier or foreign air carrier boarding an aircraft at an airport the agency controls to finance an eligible airport-related project, including making payments for debt service on indebtedness incurred to carry out the project, to be carried out in connection with the airport or any other airport the agency controls.

(2) A State, political subdivision of a State, or authority of a State or political subdivision that is not the eligible agency may not regulate or prohibit the imposition or collection of a passenger facility fee or the use of the passenger facility revenue.

(3) A passenger facility fee may be imposed on a passenger of an air carrier or foreign air carrier originating or connecting at the commercial service airport that the agency controls.

(c) Applications. -- (1) An eligible agency must submit to the Secretary an application for authority to impose a passenger facility fee. The application shall contain information and be in the form that the Secretary may require by regulation.

(2) Before submitting an application, the eligible agency must provide reasonable notice to, and an opportunity for consultation with, air carriers and foreign air carriers operating at the airport. The Secretary shall prescribe regulations that define reasonable notice and contain at least the following requirements:

(A) The agency must provide written notice of individual projects being considered for financing by a passenger facility fee and the date and location of a meeting to present the projects to air carriers and foreign air carriers operating at the airport.

(B) Not later than 30 days after written notice is provided under subparagraph (A) of this paragraph, each air carrier and foreign air carrier operating at the airport must provide to the agency written notice of receipt of the notice. Failure of a carrier to provide the notice may be deemed certification of agreement with the project by the carrier under subparagraph (D) of this paragraph.

(C) Not later than 45 days after written notice is provided under subparagraph (A) of this paragraph, the agency must conduct a meeting to provide air carriers and foreign air carriers with descriptions of projects and justifications and a detailed financial plan for projects.

(D) Not later than 30 days after the meeting, each air carrier and foreign air carrier must provide to the agency certification of agreement or disagreement with projects (or total plan for the projects). Failure to provide the certification is deemed certification of agreement with the project by the carrier. A certification of disagreement is void if it does not contain the reasons for the disagreement.

(3) After receiving an application, the Secretary shall provide notice and an opportunity to air carriers, foreign air carriers, and other interested persons to comment on the application. The Secretary shall make a final decision on the application not later than 120 days after receiving it.

(d) Limitations on Approving Applications. -- The Secretary may approve an application that an eligible agency has submitted

under subsection (c) of this section to finance a specific project only if the Secretary finds, based on the application, that --

(1) the amount and duration of the proposed passenger facility fee will result in revenue (including interest and other returns on the revenue) that is not more than the amount necessary to finance the specific project; and

(2) each project is an eligible airport-related project that will --

(A) preserve or enhance capacity, safety, or security of the national air transportation system;

(B) reduce noise resulting from an airport that is part of the system; or

(C) provide an opportunity for enhanced competition between or among air carriers and foreign air carriers.

(e) Limitations on Imposing Fees. -- (1) An eligible agency may impose a passenger facility fee only --

(A) if the Secretary approves an application that the agency has submitted under subsection (c) of this section; and

(B) subject to terms the Secretary may prescribe to carry out the objectives of this section.

(2) A passenger facility fee may not be collected from a passenger --

(A) for more than 2 boardings on a one-way trip or a trip in each direction of a round trip;

(B) for the boarding to an eligible place under subchapter II of chapter 417 of this title for which essential air service compensation is paid under subchapter II; and

(C) for a project the Secretary does not approve under this section before October 1, 1993, if, during the fiscal year ending September 30, 1993, the amount available for obligation under subchapter II of chapter 417 of this title is less than \$38,600,000, except that this clause --

(i) does not apply if the amount available for obligation under subchapter II of chapter 417 of this title is less than \$38,600,000 because of sequestration or other general appropriations reductions applied proportionately to appropriations accounts throughout an appropriation law; and

(ii) does not affect the authority of the Secretary to approve the imposition of a fee or the use of revenues, derived from a fee imposed under an approval made under this section, by a public agency that has received an approval to impose a fee under this section before September 30, 1993, regardless of whether the fee is being imposed on September 30, 1993.

(f) Limitations on Contracts, Leases, and Use Agreements. -- (1) A contract between an air carrier or foreign air carrier and an eligible agency made at any time may not impair the authority of the agency to impose a passenger facility fee or to use the passenger facility revenue as provided in this section.

(2) A project financed with a passenger facility fee may not be subject to an exclusive long-term lease or use agreement of an air carrier or foreign air carrier, as defined by

regulations of the Secretary.

(3) A lease or use agreement of an air carrier or foreign air carrier related to a project whose construction or expansion was financed with a passenger facility fee may not restrict the eligible agency from financing, developing, or assigning new capacity at the airport with passenger facility revenue.

(g) Treatment of Revenue. -- (1) Passenger facility revenue is not airport revenue for purposes of establishing a price under a contract between an eligible agency and an air carrier or foreign air carrier.

(2) An eligible agency may not include in its price base the part of the capital costs of a project paid for by using passenger facility revenue to establish a price under a contract between the agency and an air carrier or foreign air carrier.

(3) For a project for terminal development, gates and related areas, or a facility occupied or used by at least one air carrier or foreign air carrier on an exclusive or preferential basis, a price payable by an air carrier or foreign air carrier using the facilities must at least equal the price paid by an air carrier or foreign air carrier using a similar facility at the airport that was not financed with passenger facility revenue.

(h) Compliance. -- (1) As necessary to ensure compliance with this section, the Secretary shall prescribe regulations requiring recordkeeping and auditing of accounts maintained by an air carrier or foreign air carrier and its agent collecting a passenger facility fee and by the eligible agency imposing the fee.

(2) The Secretary periodically shall audit and review the use by an eligible agency of passenger facility revenue. After review and a public hearing, the Secretary may end any part of the authority of the agency to impose a passenger facility fee to the extent the Secretary decides that the revenue is not being used as provided in this section.

(3) The Secretary may set off amounts necessary to ensure compliance with this section against amounts otherwise payable to an eligible agency under subchapter I of chapter 471 of this title if the Secretary decides a passenger facility fee is excessive or that passenger facility revenue is not being used as provided in this section.

(i) Regulations. -- The Secretary shall prescribe regulations necessary to carry out this section. The regulations --

(1) may prescribe the time and form by which a passenger facility fee takes effect; and

(2) shall --

(A) require an air carrier or foreign air carrier and its agent to collect a passenger facility fee that an eligible agency imposes under this section;

(B) establish procedures for handling and remitting money collected;

(C) ensure that the money, less a uniform amount the Secretary determines reflects the average necessary and reasonable expenses (net of interest accruing to the carrier and agent after collection and before remittance) incurred in collecting and handling the fee, is paid promptly to the eligible agency for which

they are collected; and

(D) require that the amount collected for any air transportation be noted on the ticket for that air transportation.

Sec. 40118. Government-financed air transportation

(a) Transportation by Air Carriers Holding Certificates. -- A department, agency, or instrumentality of the United States Government shall take necessary steps to ensure that the transportation of passengers and property by air is provided by an air carrier holding a certificate under section 41102 of this title if --

(1) the department, agency, or instrumentality --

(A) obtains the transportation for itself or in carrying out an arrangement under which payment is made by the Government or payment is made from amounts provided for the use of the Government; or

(B) provides the transportation to or for a foreign country or international or other organization without reimbursement;

(2) the transportation is authorized by the certificate or by regulation or exemption of the Secretary of Transportation; and

(3) the air carrier is --

(A) available, if the transportation is between a place in the United States and a place outside the United States; or

(B) reasonably available, if the transportation is between 2 places outside the United States.

(b) Transportation by Foreign Air Carriers. -- This section does not preclude the transportation of passengers and property by a foreign air carrier if the transportation is provided under a bilateral or multilateral air transportation agreement to which the Government and the government of a foreign country are parties if the agreement --

(1) is consistent with the goals for international aviation policy of section 40101(e) of this title; and

(2) provides for the exchange of rights or benefits of similar magnitude.

(c) Proof. -- The Comptroller General shall allow the expenditure of an appropriation for transportation in violation of this section only when satisfactory proof is presented showing the necessity for the transportation.

(d) Transportation by Foreign Air Carriers. -- Notwithstanding subsections (a) and (c) of this section, any amount appropriated to the Secretary of State, the Director of the United States Information Agency, the Director of the United States International Development Cooperation Agency, or the Director of the Arms Control and Disarmament Agency may be used to pay for the transportation of an officer or employee of the Department of State or one of those agencies, a dependent of the officer or employee, and accompanying baggage, by a foreign air carrier when the transportation is between 2 places outside the United States.

(e) Relationship to Other Laws. -- This section does not affect the application of the antidiscrimination provisions of this part.

Sec. 40119. Security and research and development activities

(a) General Requirements. -- The Administrator of the Federal Aviation Administration shall conduct research (including behavioral research) and development activities appropriate to develop, modify, test, and evaluate a system, procedure, facility, or device to protect passengers and property against acts of criminal violence and aircraft piracy.

(b) Disclosure. -- (1) Notwithstanding section 552 of title 5, the Administrator shall prescribe regulations prohibiting disclosure of information obtained or developed in carrying out security or research and development activities under section 44501(a) or (c), 44502(a)(1) or (3), (b), or (c), 44504, 44505, 44507, 44508, 44511, 44512, 44513, 44901, 44903(a), (b), (c), or (e), 44905, 44912, 44935, 44936, or 44938(a) or (b) of this title if the Administrator decides disclosing the information would --

- (A) be an unwarranted invasion of personal privacy;
- (B) reveal a trade secret or privileged or confidential commercial or financial information; or
- (C) be detrimental to the safety of passengers in air transportation.

(2) Paragraph (1) of this subsection does not authorize information to be withheld from a committee of Congress authorized to have the information.

(c) Transfers of Duties and Powers Prohibited. -- Except as otherwise provided by law, the Administrator may not transfer a duty or power under this section to another department, agency, or instrumentality of the United States Government.

Sec. 40120. Relationship to other laws

(a) Nonapplication. -- Except as provided in the International Navigational Rules Act of 1977 (33 U.S.C. 1601 et seq.), the navigation and shipping laws of the United States and the rules for the prevention of collisions do not apply to aircraft or to the navigation of vessels related to those aircraft.

(b) Extending Application Outside United States. -- The President may extend (in the way and for periods the President considers necessary) the application of this part to outside the United States when --

- (1) an international arrangement gives the United States Government authority to make the extension; and
- (2) the President decides the extension is in the national interest.

(c) Additional Remedies. -- A remedy under this part is in addition to any other remedies provided by law.
