

**Unscoped DCT Report (Custom DCT)**

**DCT Title:** SMS-Investigation Process Design Demonstration(OP)

**DCT Type:** National/Regional

**Specialty:** Operations

**Assessment Type:** DA

**Revision:** 1.0 on 03/04/2015 (Released)

**Summary Information**

**Purpose (Certificate Holder Responsibility):**

Implement a formal process for investigating incidents and accidents including determination of causal factors and a process for developing corrective actions to improve the safety performance of the organization.

**Objective (FAA Responsibility):**

Confirm through design demonstration that the formal process for investigating incidents and accidents determines causal factors and develops corrective actions to improve the safety performance of the organization.
